All for just \$275 (Registration Fee)

Key Note Presenters

Gordon Lathrop

-recognized international liturgical scholar; prominent author as a liturgical theologian; professor emeritus at Lutheran Theological Seminary, Philadelphia.
-a defining force in both North American and international liturgical thinking
-he wrote the following with regards to the conference theme: "I think that the questions you hope to address in your

2008 national conference are among the most important current questions in worship. They are, of course, a current version of the old tensions between the local and the global, the parochial and the catholic, the contextual and the transcultural, in Christian worship. But these questions do not go away and they have a particularly pointed form in this postmodern context. I would be glad to be part of a discussion about these issues. "Order and Chaos" is a fine focus, though Karen will tell you that her experiments are not without order, and I have recently been working more on chaos -- which I suppose I have always thought lurks in the tensions of ordo! But more of that if we actually come together in discussion."

Karen Ward

-noted for her future church work in Seattle through a parish called: Church of the Apostles and where she is the "Abbess".

Check it out at www.apostleschurch.org

-Karen is a leader in the church planting approach and a former leader in the introduction of the Adult Catechumenate in the ELCA.

-her parish website explains:

"Church of the Apostles is a future church with an ancient faith ... in the story of Jesus, we have glimpsed god's future and know that "this-could-change-everything." So our purpose is to help God-change-everything, by participating in god's future within today's culture and our local zipcode in community around Jesus Christ. The future is not something we manufacture, and community is not something we can coerce you into, but both are works of the spirit to which god calls you."

-the ancient faith pattern is clearly recognisable in her community and it is a joint community operating under the auspices of the Episcopal (Anglican) Diocese and ELCA diocese.

-many monastic themes play a part in the work that Karen's organization does and she directs numerous urban and rural experiences that explore ancient spiritual encounters.

Quebec City Excursion 400th Anniversary in 2008

A highlight! Friday!

Quebec City is Canada's most historic city. Begins with a **walking tour** of the old city and then time to **explore** on your own. Having enjoyed old Quebec, we **gather** later at the city's

most authentic cathedral: Cathedral of the Holy Trinity. A venue at the centre of historic Quebec City, backing on to the square across from the Chateau Frontenac.

Hospitality awaits you: visit to the cathedral, joint plenary with both presenters and a Eucharistic Liturgy.

A gala reception rounds out the day and you choose an early bus back or stay on for nightfall on lively rue St. Jean..

Montreal Excursions

Architecture Tour, Organ Tour (it's Canada's "Pipe Organ Capital"), and an evening at the historic and renowned studios for Stained Glass, Vestments, and Church Silver of Desmarais & Robitaille. Award winners and suppliers around the world.

The Montreal "5 à 7"

In between music, side-walk cafés, and

our Worship Conference (don't forget why you're here!) there is time to unwind, meet, network, and have fun. Montreal locals are working on a variety of fellowship possibilities.
